

# ASLON® POTPADS

**The potpads are a versatile and multifunctional product that can be used in various situations. They prevent damage, mould, and other irregularities on decking boards, patio tiles, and roofs.**

The rubber potpads ensure proper drainage and support pots, planters, or other objects on roofs and terraces. They also provide good ventilation, preventing issues with dirt and insects.

## APPLICATIONS

Rubber potpads are used under flower and plant containers, garden furniture, concrete tiles, natural stone, decking boards, and aluminium substructure systems.

## FLOOR PROTECTION

The potpads prevent damage and provide the floor with proper protection.

## EASY TO INSTALL

The potpads are very user-friendly and are mainly used outdoors.

## SUSTAINABLE

The potpads are made from recycled rubber granulate and are fully recyclable after use.
