

# ASLON® PUZZLE MATS

**Puzzle mats are perfect as floor coverings used in various environments, such as home gyms, garages, or as acoustic mats under instruments or other equipment. They help absorb vibrations and prevent damage to the underlying floor.**

The puzzle mat is made from high-quality rubber that is resistant to wear, deformation, and tearing. They maintain their shape and structure even after intensive use.

## EASY TO INSTALL

Thanks to the puzzle interlocking system, the puzzle mats are easy to install and suitable for both permanent and temporary flooring. In addition, they can be moved or removed if necessary without causing any damage to the floor.
