

ASLON® EPDM VIRGIN TILES

The EPDM rubber tiles are designed for the professional market and offer the ultimate combination of safety, durability and aesthetics. EPDM tiles are ideal for playgrounds and outdoor spaces and meet the strictest European safety standards.

The tiles are suitable for sports and play and are tested for fall heights; Head Injury Criterion (HIC).

The high-quality EPDM material is weather-resistant, UV-resistant and retains its color, even under heavy use and extreme weather conditions. The vibrant colors of our rubber tiles are maintained, contributing to an attractive and cheerful play environment.

The EPDM rubber tiles are suitable for various applications, such as public playgrounds, schoolyards, sports facilities and other environments where safety and comfort are paramount.

FALL-BREAKING

The EPDM tiles meet the most strict standards for fall protection in accordance with N1177:2018

SOUND REDUCING

The rubber helps reduce contact noise and vibrations.

SUSTAINABLE

The tiles are made from recycled rubber granules and are fully recyclable after use.
