

ASLON® RUBBER CONTAINMENT KERBS

Safety is paramount when installing playgrounds. A rubber containment kerbs is a versatile and durable product used to delimit and separate different surfaces.

In addition, the rubber containment kerbs can be used to enclose rubber tiles on a playground. This prevents the tiles from being walked apart.

SHOCK ABSORBING

The rubber helps absorb bumps and shocks.

PROTECTION

The rubber containment kerbs provides a softer finish for hard edges.

SUSTAINABLE

The containment kerbs are made from recycled rubber granules and are fully recyclable after use.
