

ASLON® RUBBER SAND PIT KERBS

Safety is paramount when installing playgrounds. A rubber sand pit kerbs is a safe and functional option for sandboxes. It offers protection against hard surfaces and provides a comfortable edge.

The profiles are easy to connect, allowing you to create the desired sandbox size. The metal tubes can be anchored in the ground.

SHOCK ABSORBING

The rubber helps absorb bumps and shocks.

PROTECTION

The rubber sandbox edging provides a softer finish for hard edges.

SUSTAINABLE

The profiles are made from recycled rubber granules and are fully recyclable after use.
