

ASLON® STABLE WALLS

Aslon® Stable wall is suitable for covering walls in horse stables. The rubber surface provides extra safety, both in the stable and in grooming areas

The rubber walls offer the best protection against kicking in the horse stable. Thanks to the rubber, hard blows are effectively absorbed, leaving the walls undamaged. Moreover, the stable walls are very wear-resistant and moisture-resistant, making them an ideal choice for covering walls in a stable.

PROTECTION

The stable wall provide protection against kicking in horse stalls. The rubber effectively absorbs hard impacts.

EASY TO INSTALL

The stable wall can be installed directly onto the wall, creating a safe environment quickly and easily.

SUSTAINABLE

The stable walls are made from recycled rubber granulate and are fully recyclable after use.
