

Aslon® Puzzle mat

Growing muscle can have a detrimental effect on the floor beneath the fitness equipment. With its range of puzzle mats, specially designed to take the load off concrete floors in gyms, Aslon Rubber has the answer to this problem.

Puzzle mats make an ideal permanent or temporary sports floor. The individual puzzle-mat pieces lock together to create one beautiful whole. They are easy to lay and equally as easy to take up again.

Puzzle connections make it easy to lay Aslon puzzle mats. They are available in two different sizes - 478 x 478 and 956 x 956 - and are supplied in black as standard, or with 10% EPDM, in the colours grey, red, green, yellow and blue. Other colours are available on request

Specifications:
