

# Aslon® Safe & Soft Multiplay tile

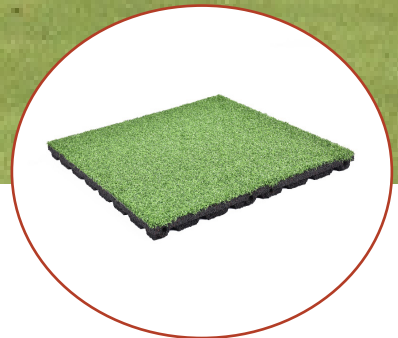

Aslon Multiplay tile is a type of artificial grass tile that is ideal for playing on. To give the floor a playful look, the tiles are available in six different colours. By combining the colours it is easy to create a cheerful floor. In addition to the six colours, it is also possible to apply logos, images or numbers in artificial grass.

The replacement of tiles in the event of vandalism is also a lot easier instead of artificial turf on a roll.

Aslon Multiplay tiles are suitable for sport and play and have been tested for fall heights; Head Injury Criterion (HIC). The Aslon multiplay tiles comply with the strictest requirements for fall protection according to EN 1177:2018 en EN 1176:2017.

## Pin/ hole connection

The Aslon Multiplay tile can be supplied with a pin/ hole connection. There are four holes in the tile on two sides. Four plastic pins are placed in these four holes, connecting the tiles to each other.
